

A helping hand... in the palm of your hand

This test comes with a free digital assistant, personalized and secure, that provides easy-to-follow test instructions. Try it now!

You've got a job to do. Let's help keep you safe.

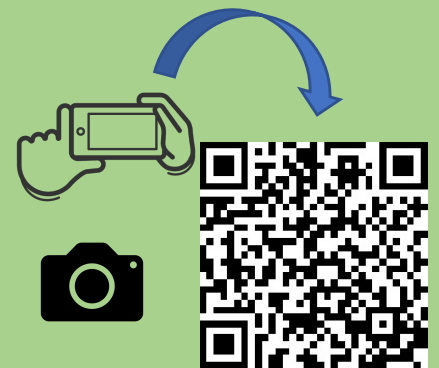

Testing at home 2 times per week can help identify early stages of infection.

Getting the app is easy!

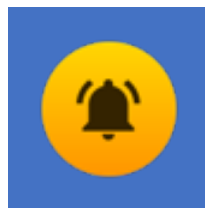

Open your phone's **CAMERA APP** and point the camera at the QR code to the right. Your phone will then take you to the app's website

or

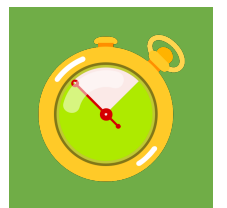

Type in the website address in your browser:
<http://safercovid.org/mitest>

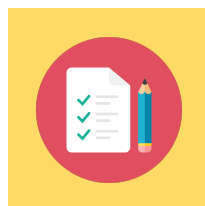

Tests are more reliable when you test multiple times a week. The app provides reminders, so you don't forget.

Tests need time to process and interpret. The app provides timers to get this just right.

Keeping a log helps you stay on track. The app helps you record symptoms & results over time, privately & securely.

Step by step instructions are easy to follow. The app provides guidance for every step of the test.
